

Our Farmers, Families and Fisherman's Mark (F3) Farm Stand distributes locally grown, often organic, produce <u>free of charge</u> to the community and couples this with cooking demonstrations and health challenges—making wellness fun!

Come share in this experience with us and let's create a healthier, more locally sourced table for you and yours to enjoy.

Access to quality food and wellness education makes a long term difference in the lives of our clients and the community! Learn more at www.fishermansmark.org
